# Memorandum

TO : Chief, GSD

DATE: 1 April 1965

FROM : DAD/S&D

Suspense Date: 7 April 1965

SUBJECT:

1. Would you please prepare a letter for AD/OEL's signature to AD/ORD on each of the items for the year-end budget on which we made an indication that we felt the work could be done more properly by ORD. In the case of the Mixer/Preselector, for example, the letter should go something like:

a. In the process of reexamining our budgets, we have determined that our efforts in the development of a Preselector/Mixer which would have \_\_\_\_\_ characteristics appears to be more closely aligned to ORD interest and activities than to those of OEL's. We recognize, however, that the development of such an item is of interest to us and would be valuable in our equipment development in the future if it were available.

b. Would you please consider inclusion of this item in your future planning. If this change does not appear appropriate to you, would you please inform me by 1 June, so that we can include the follow-on effort in our program.
